Is Australia's leading fine art printing company.

ICEMounts offer you a stylish, unique way of showcasing your images. We print your image on professional glossy photographic paper, then mounted on acrylic using archival quality adhesive. The display is then topped off with metal corner mounts for a stunning finish.

ICEMount offers the perfect modern look for everything from a high class gallery display to your family home.

ICEMounts are produced using top-quality materials.

- Your image is printed using archival quality inks on professional gloss photographic paper
- It is then mounted using optically clear, non-yellowing, ph neutral adhesive
- After that we place your artwork behind optically clear acrylic (available in a range of thicknesses)
- Finally, we complete your ICEMount with our stylish hanging system (with hidden rear screws)

Both the printing and mounting of our ICEMounts are done in-house. This means that we can offer you some of the most competitive prices for acrylic printing in Australia. Our prices are all-inclusive (except freight).

Please contact us if you are looking for mounting services only (and can provide us with pre-printed art materials)
