Is Australia's only Lumi Tile printing company.

Lumi Tiles are an exciting and unique product that is new to the Australian market. What is a Lumi Tile? They are modern, sleek blocks of clear acrylic that sit on desks, bookshelves and coffee tables.

We print your image then mount it to the back of an acrylic block, giving incredible depth and clarity to the image. The image appears to hover on the front of the tile. Lumi Tiles make a great gift and start at just \$18.

A Lumi Tile is your choice of photo set on a stylish, modern acrylic tile with high visual impact. The 2 - 4cm depth of the acrylic tile gives the image a luminescent, floating, three dimensional effect, and the tiles are freestanding, so no hanging is required. Lumi Tiles can be placed inside or outside under a covered area, and come in four sizes.

Lumi Tiles can help you capture images of special people and moments in your life and make a great custom-designed gift idea. You select your preferred image/s, the orientation of your Lumi Tile (portrait or landscape), and whether you prefer vibrant full colour, stylish black and white, or romantic sepia.

Then our experienced team will create your personal Lumi Tile for you. We can enhance your image using our skill and high-tech photo software. This is included as part of our service and doesn't cost extra.

Our customers have purchased Lumi Tiles for their rental properties, for corporate gifts, for their desk at work and for interior design purposes. They're compact and portable, which makes them perfect for travelling and as a gift for someone overseas.
