

ART MOUNTS

Handmade in five business days.

Art Mounts are a simple and effective way to present your prints.

We create a fine art print from your image on 100% cotton photo rag. This is printed using genuine archival ink. Your print is then cut to size and mounted into an acid free mat.

Have your studio

FINE ART/COTTON RAG

*Custom sizes available. Larger sizes available.

Fine Art prints are prints that are created on 100% cotton rag. Most papers are made of wood pulp, which reduces the lifespan of the print as wood pulp contains many impurities.

The paper we use to create our fine art prints is made in the USA and is 100% cotton rag. Our paper has UK Fine Art Guild certification for a 75 year lifespan.

Fine Art prints are a great way of selling images to clients as they are not something your client can source from a retail lab.

Available in torn edge finish 15% surcharge. Sizes available from 6x4".

PICTURE FRAMING

*Custom sizes available

Our traditional picture framing service combines fast turnaround time with customisable matboards and frame sizing. We use high quality acid-free materials combined with archival fine art printing on cotton rag papers for long-lasting, premium picture frames.

Our in-house printing means that you can simply upload your image and order a fully framed print that is ready to hang.

Our convenient ordering system allows you to order online. Quickly customise everything from mat size to choice of moulding. You will see instant proofs of all your choices (including mat and moulding colours).

We have deliberately kept things simple to ensure you can provide great products at an attractive price-point to your clients. We offer a range of customisations to create a unique look, including: floating prints, torn edge prints, deep mould frames and multiple-matted images.

You have so much flexibility in sizes and options that it is impossible to provide a standard price list. Generate a price for your frame by uploading an image at www.bpro.com.au and selecting the options you desire. The price will be updated in real time.

The feedback we have received from professional photographers is that our pricing is exceptional. For example, a 20" x 30" matted and framed print costs \$180 inc GST. This includes printing of your image on 100% cotton rag, matting using buffered mat board, 30mm or 40mm frame mold of your choice, glass and hanging wire.

PRODUCT FEATURES

- Available in any size from a 5"x 7" print to a 35" x 47" print
 - Acid-free mat boards and foam backing
- A choice of high quality mouldings (Charcoal, Rustic Brown, White Wash, Chocolate, Black, White or Oak in 30mm or 40mm or deep profiles)

WOOD PRINTS

*Custom sizes available. Larger sizes available.

We take a beautiful photographic print and mount it onto a 17mm raw timber panel (strong enough to resist moisture and humidity). We finish off the Wood Print with a slightly textured satin laminate for extra protection and a beautiful, soft finish.

The print comes with a clever routed groove on the back to allow for easy wall hanging.
Your client requires just a screw in the wall for hanging.

Our Wood Prints are remarkably affordable, and have been priced to allow you to sell as multi-image collections.

Sizes available from 8x8" – contact us for pricing
